Sprint 1 Plan

Project: Slug Hero
Team: Slug Heroes
Sprint End: 2/1/2016
Revision Number: 1
Revision Date: 1/11/2016
Sprint 1 Goal: Establish familiarity with Web2py and have a working web app that allow students to create an account, to add classes and review

Task Listing:

1. As a student, I need to have an account and be able to login so that I can use the service
2. As a student, I want to add classes so that I can add course information for the classes

4. As a student, I want to ask questions related to a class or a department in a forum so that I can get help from others

- create user login page / function (1 hours) [Jinyan, Rihui]
- design database schema for the data model (8 hours) [Drake][Vince][Helen]

- Create section for each department (5 hours) [Jinyan, Rihui]
- Enable login users to create section for classes and under a department section (3 hours)
- Enable user to edit the class information in a class section (2 hours)

3. As a student, I want to look at courses review so that I can have better preparation

- Enable user to post their review in a class section (1 hour)

- create a forum for each department (2 hours)
- create a forum for each class (3 hours)

Time: 25 Hours

Team Role:

Jinyan Li: Developer
